Questions & Answers C-1
Posted 10/30/2009

Question C-1: Are the bids you seek specific enough for refrigerant abatement? Or would we need to quote our services to awarded contractors?

Answer: Reference Section C - Performance Work Statement. This solicitation is for Environmental Remediation Services, Deactivation, Decommissioning, Demolition, and Removal (DD&R) Services of Facilities (Contaminated), Waste Management Services, and Regulatory Services at various locations throughout the United States in support of the U.S. Department of Energy (DOE) including National Nuclear Security Administration (NNSA). A Task Order issued under any resulting Indefinite Delivery/Indefinite Quantity contract(s) would not be issued solely for refrigerant abatement; refrigerant abatement, if necessary at all to perform the services required under the task order, would only be a minor part of the services.
